North Korea

Approximately 60,000 Christians are imprisoned

## North Korean Believers

It is illegal to be a Christian or to own a Bible in North Korea. If you are caught in possession of a Bible or your faith is discovered, you and your family will be sent to prison or a brutal labour camp. Would you pray for the thousands of brothers and sisters in North Korean prisons?

---

*"It should be impossible for the underground Church to exist under these circumstances. But they are there and they never stop praying. Why doesn't God destroy North Korea? Because His children are still there, I'm sure. I hope that you and everyone who supports Open Doors can pray for the North Korean Christians with God's heart."*

*– Yeong Woo, former North Korean prisoner*
