North Korean prisoners

Life as a Christian in North Korea is dangerous. It's illegal to be a Christian or even to own a Bible. If you're caught with a Bible or found out to be a Christian, you and likely your entire family will be imprisoned.

Today there are an estimated 60,000 Christians imprisoned for their faith in Jesus Christ. This means there are more prisoners of faith in North Korea than there are prisoners in the prison system in Canada!

These imprisoned believers face interrogation, torture, deplorable conditions and hard labour with little food. Would you pray for the thousands of brothers and sisters in North Korean prisons?
